

Triple P Parent Training Announcement

The Parent Training Institute is pleased to announce the following Triple P training opportunities in September 2020.

I. Level 4 Group: 3-day Training (September 16, 17, & 18, 2020)

The Level 4 Group training will provide practitioners with the necessary skills and support to run a Triple P parenting class for parents of children ages 2-12 in English, Spanish, Chinese, Vietnamese, or Japanese. It is recommended that practitioners who attend this training also attend the Pathways training, since most of the Triple P classes run in San Francisco are integrated Level 4 Group + Pathways parenting classes. Such integrated classes are approved by HSA for parents who need to take a parenting class as part of a case plan requirement.

Prerequisite: None

- **Accreditation Dates: November 2nd - 5th**

II. Level 5 Pathways: 2-day Training (September 21 & 22, 2020)

Pathways Triple P is intended for use with parents who have difficulty managing their anger and may be at risk of maltreating their children. Parent resources are available in English and Spanish.
